

Custom Fabrication & Powder Coating

Equipment

Wire Form Machines —

AccuForm AFC-10 Series

OMCG CNC 19

0.008" to .500" wire diameter range with unlimited arm (Z-Axis) rotation

CNC Routers —

KOMO Mach II Series VR512

KOMO 512 Mach Extreme

5' x 12' sheet capacity with 12 tool changer

ALLtra Plasma Table PG14-6DTR Power Unit Hypertherm

HPR-260XD HyDefinition CNC Plasma System —

6' x 12' capacity up to 2" thick material

Saws —

Automatics with feed: Hyd-Mech S-20A – capable of 13" @ 45 degrees and 19" flat; HE&M Band Saw Cyclone A-C; Peerless Band Saw DC2020NC.

Shear —

Accushear Model 837510 with CNC backgauge capable of 3/8" x 10'

Rollers —

Ercolina CE50 Angle Roller

Built-Rite Roller MP3.105

Punch Presses —

Punch presses, up to 50 ton capacity

Welding Equipment —

Motoman EA1400N Robotic Welding Station

Numerous MIG, pulse, spot, & aluminum welders

Powder Coat Paint System —

Provides a durable, attractive finish at a competitive price and provides excellent resistance to corrosion, heat, impact, abrasion, fading and extreme weather.
