

Probes

Stainless Steel

- Cushioned, rubber handles for greater comfort.
- Standard Probes are constructed of $\frac{5}{16}$ "-diameter stainless steel rod with a welded tip. Available in 3', 4', 4 $\frac{1}{2}$ ', 5', 6', and 8' lengths.
- Heavy Duty Probes are constructed of $\frac{3}{8}$ "-diameter stainless steel rod with a welded tip. Available in 3', 4', 4 $\frac{1}{2}$ ', 5', 6', and 8' lengths.
- Power Probes are available in $\frac{5}{16}$ "- or $\frac{3}{8}$ "-diameter stainless steel rods with a welded tip. Available in 4 $\frac{1}{2}$ ' and 5 $\frac{1}{2}$ ' lengths. Weighted handle works like a post driver to power the probe in.

Standard Probe

Power Probe

Standard or Heavy Duty Probes

Size	Overall Length
3'	36 $\frac{3}{4}$ "
4'	48 $\frac{3}{4}$ "
4 $\frac{1}{2}$ '	54 $\frac{3}{4}$ "
5'	60 $\frac{3}{4}$ "
6'	72 $\frac{3}{4}$ "
8'	96 $\frac{3}{4}$ "

Power Probes

Size	Overall Length
4 $\frac{1}{2}$ '	Closed: 62 $\frac{1}{4}$ " Extended: 67 $\frac{1}{4}$ "
5 $\frac{1}{2}$ '	Closed: 74" Extended: 79 $\frac{1}{2}$ "
